CULBERSON IRONICAL

Puts Straight Questions to MacArthur on the Philippines.

THEIR VIEWS DIFFER

They Are Wide Apart as to the Meaning of the Declaration of Independence in the Constitution as Applied to Philippines.

Washington, May 2.—General MacArthur was interrogated today by Arthur was interrogated yesterday by Senator Culberson of Texas in rather an ironical vein at this hearing before the Philippine committee, the general had referred to the advantage of implanting republican institutions in the islands. Culberson asked if the Declaration of Independence and the constitution were not the foundation of our republican institutions.

General MacArthur answered the whole constitutional history of the country with the preceding English history, together with the Declaration of Independence and the constitution can be considered.

Culberson took up each of the principles of republican institutions, free speech, free press, self-government, trial by jury, etc., and asked how far these have been implanted in the Philippines.

C. A. CULBERSON

As to free speech, General MacArthur said he had told the Filipinos that if they would give him their guns they could have mass-meeting on every corner. He said the soldiers were quartered in private houses as incident to war. This led to a discussion of whether war was in existence.

General MacArthur insisted there had been a great upheavel and a ground swell was still apparent. Some of the incidents of the war continuing even after the pacification of the locality.

Senator Culberson went through most of the bill of rights, his questions seeking to develop that fundamental rights had not been implanted in the islands.

General MacArthur maintained, however, that all of the fundamental rights, except trial by jury and right to bear arms, were in operation as far as conditions would permit. He read the proclamation he had issued specifying most of the constitutional rights.

Must Pay State Tax.

Austin, Tex., May 2.—State Revenue Agent Cunningham has addressed a letter to all tax collectors of counties which have local option precincts advising them that all parties having internal revenue license purpose selling intoxicating liquors, and sell such articles as, gingerale, hopale, and harmless wines, every kind, are liable to pay the state liquor dealers tax $200 annually. Mr. Cunningham also advised collectors that all such parties who refuse to pay the state, to proceed at once to file complaints against them, for violating local option laws and failure to pay.

Officers Deny the Charge.

Venice, May 2.—The pardon granted by King Victor Emmanuel to the officers of the United States crusier Chicago, who have been imprisoned here has arrived, and the prisoners will be released without delay.

In an interview with a representative of the Associated Press the imprisoned officers warmly repudiated the reports that they were under the influence of wine at the time of the trouble and said that on the contrary they were absolutely sober.

Shopmen Want an Increase.

Houston, May 2.—A committee has been appointed by the shopmen of the Southern Pacific shops, employing about 2000 men, to wait upon Master Mechanic J. J. Ryan and request either a 9-hour day or an approximate increase of wages. A prominent member of the union said that the men made no demand, but merely requested a raise. The shopmen are paid by the hour, their wages ranging from $3 to $3.50 a day.

Granted an Increase.

Beaumont, Tex., May 2.—The carpenters have been granted the increased pay of from 35 cents to 40 cents per hour demanded, but the contractors have announced that every man who fails to earn the increase will be discharged.

MORTON'S WILL.

It Disposes of the Entire Estate Equally Among the Heirs.

Nebraska City, Neb., May 2.—The will of the late J. Sterling Morton was opened in the presence of his heirs and their representatives. The estate is estimated to be worth in the neighborhood of $100,000. The will provides for an annuity to be paid to Miss Emma Morton, sister of the deceased, during the balance of her life.

The estate is then divided into four equal parts, one part each for his four sons and their heirs by representation. The homestead, Arbor Lodge, goes to the oldest son, Joy Morton.

Elopement Ends in Tragedy.

Paris, Tex., May 2.—Jim Ward, a young farmer, was killed ten miles southeast of Paris, near Jennings, at the home of his brother, D. Ward. The deceased had been paying attentions to a daughter of J. W. Mills, a neighbor, against the father's wishes. Early Wednesday night the young couple met in a field by appointment and started to Paris to get married. They first drove by the home of the deceased's brother to stop a few minutes. While there Mills, accompanied by his son, came up. The father entered the house and told his daughter he had come to take her back home. She assented, and while they were starting to leave the deceased accosted him. Two shots were immediately fired and Ward fell dead, striking against a bureau, overturning the lamp and leaving the room in darkness. One charge of shot took effect in the deceased's abdomen, to the right of the navel, tearing a hole from which the intestines protruded. After the tragedy Mills telephoned to Sheriff Martin, notifying him that he was ready to surrender.

Clash With Strikers.

New York, May 2.—A deputy sheriff in pursuit of striking silk dyers in the village of Lodi, N. J., surrounded the house of Frederick Behn and called on him and his friends to surrender. As Mrs. Behn, carrying her child in her arms, ran from the house, the deputies opened fire and a bullet struck the woman in the arm. The shooting has infuriated the strikers who marched through the village streets threatening to make trouble. Several clashes ensued in which a number of persons were beaten.

Constantinople, May 2.—The dispute of the two rival Albanian chiefs, Riza Bey and Bairem Surah, resulted in a battle between their partisans at Diakova on April 30. The two parties ultimately withdrew to their towers whence they bombarded each other. The inhabitants of Diakova were panic stricken.

Her Cooking Caught Him

Findlay, O., May 2.—Thomas Bishop, a wealthy gold mine owner of Old Mexico, totally blind, has married Susanne Shuck, a cook in a restaurant. He tasted her cooking, then wanted to meet her, and after a short courtship married her.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel bouyant and vigorous. You can get Dr. G. G. SCHOLASTIC CENSUS.

Work Began in Texas and Will Be Finished by June 1.

Austin, May 2.—Under the provisions of the law governing the public schools, the taking of the scholastic census commenced Thursday in every independent school district and county in Texas, other than the community counties, of which there are only 31 in Texas, and in which the census is practically completed. The census commenced Thursday will include every child in the state, black and white, over 8 years of age and under 17. The work is supposed to be completed this month and the tabulated returns in the hands of the secretary of the state board of education by June 1, though some counties are always tardy. However, they will be prodded and the figures received as soon as possible at the state educational department.

Last year's census gave the state 574,340 white and 165,060 colored children within the scholastic age, the total scholastic population being 739,400, with an apportionement of $3,512,150, or $4.75 per capita.

It is expected that the census taken this month will show an increase in the number of children. The regular increase anticipated is fixed at 3 per cent, though it will probably be exceeded. An increase in the per capita apportionement is not expected, though the board has for several years desired to make it $5 for every child, and may have funds with which to do it, provided the increase in population is not too great.

Shooting at Texarkana.

Texarkana, Tex., May 2.—James C. Whitener, one of Texarkana's first settlers and a leading business man, was shot and very dangerously, if not fatally wounded, on West Broad street Thursday afternoon. Two shots were fired, one of which passed through the abdomen to the left and a little below the navel. The other lodged in the shoulder. He was at once token to a hospital, where his condition was reported to be very serious. After the shooting J. E. Shutt surrendered to the officers and was placed in jail. He declined to make a statement. The latter is also prominent here, and for years the two men were the warmest of friends and were at one time associated together in business.

Attempt a Failure.

Paris, Tex., May 2.—An attempt was made Wednesday night to hold up the northbound Frisco express between Seligman and Washburn, Mo. Two men boarded the blind baggage at the former place, and just after the train pulled out climbed over the tender into the cab and covered Engineer Beckerleg and his fireman with revolvers and ordered stop made at a certain place. The engineer pretended he could not make stop, as he was going too fast, and came to a standstill half a mile beyond. The robbers became frightened and abandoned the robbery.

Hanson for Marshal.

Washington, May 2.—The president has decided to appoint Hanson as marshal for the new southern district of Texas in accordance with the wishes of the Republican organization. No one can prevent the appointment save Judge Burns, who is expected here at any time for the purpose of consulting with the president about matters pertaining to the new district. Burns will come at the request of the president. Until the time comes for Burns to go on the bench, July 1, the president will want his advice on all Texas appointments.

Rock Island Not Alarmed.

Fort Worth, Tex., May 2.—At the Rock-Island headquarters it is given out that the company is not worried by prospused extensions of the International as shown by charter amendments filed at Austin, which means a parallel line to the Rock Island's southern extension. The Rock Island claims it will have a shorter mileage, lower grade.

Palma at Santiago de Cuba.

CENTRAL TEXAS FAIR.

Directors Decide Upon Erection of More Buildings—Early Catalogue.

The directors of the Central Texas fair association held an important meeting Monday night, and among other things determined upon the erection of an auditorium at the fair grounds 40x90 feet and two stories high. They will also put up a suitable building for the poultry exhibit and additional horse and cattle stalls.

The directors want reports from the chairmen of the different committees handed in prior to their next regular meeting, Monday, May 19. They also want the names of all department superintendents sent in for use in the catalogue, 4000 copies of which will be issued this year as early as possible.

Preparations are being made for an elaborate and interesting four days fair that will surpass anything ever attempted in this section of the state.

Truck Grower's Notice.

Our office and packing shed for this season will be at the Compress. Through the kindness of Mr. W. Wippricht, the use of Compress is given us free of charge for this purpose for this season; the boxes and crates are now stored there and ready for your order and your stuff. Bring them in; the market is in good shape. Our shipping days until further notice are Tuesdays, Thursdays and Fridays.

Can we get one or more cars of potatoes ready for buyers by the 15th? If your potatoes are ready, bring them in by the above date. I have ordered enough new sacks for one car, and potatoes can be sacked here at the Compress.

Central Texas Fair Notice.

The board of directors of the Central Texas Fair Association request that the chairmen of all committees bring in their reports prior to the next regular meeting of the directors, May 19. Also report names of all department superintendents for use in catalogue to be issued as early as possible. Paul Bradley, Secretary. 134

The funeral of Mr. R. H. Smith took place Sunday afternoon from the residence of Capt. D. D. Dawson, under the auspices of Brazos Union Lodge No. 129 A. F. and A. M. The religious service was conducted by Rev. E. L. Shettles, pastor of the Methodist church.

PRESIDENT DEFENDED

Senator Lodge Resents the Imputations Cast upon Him.

HE IS NOT TO BLAME

He Says Individuals Alone Responsible for Cruelties in the Philippines. Secretaries of War and Navy also Held Guiltless.

Washington, May 6.—In vindication of the administration's policy in the Philippines Mr. Lodge of Massachusetts, chairman of the Philippines committee, addressed the senate Monday. Mr. Lodge warmly resented the imputations cast on the president, the secretary of war and the secretary of the army for the alleged cruelties and atrocities said to have been practiced in the Philippines. He said every one had been employed by the officials in authority to prevent such cruelties as had been referred to and measures had been taken to punish those guilty of them. Such things, however, were incidents of every war and could not be prevented absolutely. He had no defense to make of many of the cases of torture which had been cited, but the men of the American army had been provoked almost beyond human endurance. He recited scores of instances of alleged cruelties and tortures practiced by the Filipino insurgents on American prisoners. He said many had had their ears cut off, had been disembowled, had been driven into streams, and while drowning shot dead, had been tied to trees, and stoned to death by women and children and buried alive. Others had been shot and boloed treacherously while succoring the wounded. In the face of these horrible atrocities some of the American troops had been guilty of administering the "water cure," but the instances of this kind were isolated and no part of the general policy in the Philippines. He warmly defended General Chaffee for his conduct of military affairs in the island and paid a brilliant tribute to his heroism and patriotism.

SENATOR LODGE.

In a brief reply Mr. Rawlins of Utah declared that the charges which had been made were not against General Chaffee or the American army, but against the senator from Massachusetts (Mr. Lodge) and others who were responsible for the present Philippine policy.

Both the sundry bill and the bill for the purchase of the Rosebud Indian reservation were passed.

The bill providing for the purchase of the lands of the Sioux Indians in the Rosebud reservation in South Dakota then was taken up, the pending amendment being that of Mr. Teller eliminating the commitation clause of the bill and providing that settlers in order to make their title to land, shall live on it five years. The amendment offered by Mr. Teller was agreed to, and the bill was passed.

Consideration was then resumed of the sundry civil appropriation.

An amendment was agreed to making appropriation for expenses for office of the commissioner of the railroads, and continuing that office to June 30, 1905.

Other amendments were agreed to as follows:

Providing for the postponement of the St. Louis exposition to April 30, 1903 and that the exposition shall be opened to visitors not later than May 1, 1904.

Appropriating $15,000 for the commissioner of labor to collect statistics of marriage and divorce.

Appropriating $20,000 to pay the salary and expenses of two commissioners to investigate the resources and expenses of South and Central American railroads, and the facility of establishing an intercontinental railway.

Appropriating $165,000 for repairs to the White House.

Appropriating $50,000 more for a temporary office building to be used while the repairs to the White House are in progress.

Death of Two Congressmen.

Washington, May 6.—Two desks were draped in black and covered with flowers when the house met Monday. One was the old familiar place occupied by Representative Cummings, whose public funeral was held in the house Sunday, and the other of Representative Peter J. Otey of Virginia, whose death occurred at Lynchburg Sunday. Dr. Couden, the chaplain, in his invocation dwelt upon the double affliction that had come upon the house and prayed for the family and friends of Mr. Otey.

An urgency resolution making additional appropriations of $10,000 for the expenses incident to the dedication of the statue of Marshall D. Rochambeau was adopted.

Mr. Jones of Virginia then announced the death of Mr. Otey and offered the customary resolutions of regret. As a further mark of respect the house adjourned.

Minister to Cuba.

Washington, May 6.—H. G. Squires, secretary of the legation at Pekin, has been selected by the president to be minister to Cuba and General E. S. Bragg of Wisconsin has been selected as consul general at Havana.

GENERAL BRAGG.

Sargent Gets Powderly's Place.

Washington, May 6.—The president sent the nomination to the senate of Frank P. Sergeant of Illinois to commissioner of immigration in place of T. V. Powderly.

NOT STOPPED FOR PEACE

British Still Trying to Down the Boers in the Transvaal.

London, May 6.—Lord Kitchener's weekly report, dated Pretoria May 5, shows the peace movement not allowed to interfere with military operations, except so far as to permit unrestrained meetings between the leaders and their various commandoes. The week's Boer casualties were 10 men killed and 122 made prisoners.

Gen. Bruce Hamilton columns captured 78 men on Hailbron, Orange River Colony line.

Col. Colenbrander has resumed operations in the northern part of the Transvaal, against Commandant Beyers whose forces have been considerably reduced and General Hamilton has cleared a large area west of Klerksdorp, southwestern Transvaal.

The O'Okiep western Cope Colony relief column has occupied Steinkopf to the north of O'Okiep, which was strongly held by the Boers after fighting on April 27 and April 28. The British lost six men killed and had 8 wounded, Boer losses said to have been heavy. Boers asked for British medical assistance.

VASQUEZ' PURPOSE.

Overthrow of Jiminez Said to Be in the Interest of Peace.

New York, May 6.—Leonte Vasquez, brother of the vice president of Santo Domingo, who has just overturned the government of President Jiminez, says all his brother wants is to establish peace and good government. Vasquez was consul general here for nearly two years. Said he:

DON JUAN ISODORO J'MINEZ.

"I believe one of the first aims will be to establish a treaty of reciprocal nature with the United States, call it protectorate if you will, but if Santo Domingo is to prosper, and I hope she will, she must have the moral and commercial support of the American people. And so must it eventually be with other republics similarly situated."

Arkansas Town Burned.

Rogers, Ark., May 6.—One-half of the business portion of Greavett, in the west end of Benton county, was destroyed by fire Monday. The loss is estimated at $20,000, insurance $6000. It is the fifth fire in five years. The Odd Fellows' hall was burned last fall and had just been rebuilt.

MISS MONIE BOWEY,

No. 38 Perry Street, DETROIT, MICHIGAN.

Miss Monie Bowey.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

MONIE BOWEY.

WINE OF CARDUI is one medicine that should always be kept on hand in every home for immediate use when female weakness first makes its appearance. Miss Bowey's painful and dangerous accident would not have resulted so seriously had she taken Wine of Cardui promptly.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cured Miss Bowey. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost.

Your druggist will sell you a $1.00 bottle of Wine of Cardui. Secure the medicine today. Take it in the privacy of your home. Relief will come to you as surely as you take it.

WINE of CARDUI A million suffering women have found relief in Wine of Ca

PRESIDENT DEFENDED

Senator Lodge Resents the Imputations Cast upon Him.

HE IS NOT TO BLAME

He Says Individuals Alone Responsible for Cruelties in the Philippines. Secretaries of War and Navy also Held Guiltless.

Washington, May 6.—In vindication of the administration's policy in the Philippines Mr. Lodge of Massachusetts, chairman of the Philippines committee, addressed the senate Monday. Mr. Lodge warmly resented the imputations cast on the president, the secretary of war and the secretary of the army for the alleged cruelties and atrocities said to have been practiced in the Philippines. He said every one had been employed by the officials in authority to prevent such cruelties as had been referred to and measures had been taken to punish those guilty of them. Such things, however, were incidents of every war and could not be prevented absolutely. He had no defense to make of many of the cases of torture which had been cited, but the men of the American army had been provoked almost beyond human endurance. He recited scores of instances of alleged cruelties and tortures practiced by the Filipino insurgents on American prisoners. He said many had had their ears cut off, had been disembowled, had been driven into streams, and while drowning shot dead, had been tied to trees, and stoned to death by women and children and buried alive. Others had been shot and boloed treacherously while succoring the wounded. In the face of these horrible atrocities some of the American troops had been guilty of administering the "water cure," but the instances of this kind were isolated and no part of the general policy in the Philippines. He warmly defended General Chaffee for his conduct of military affairs in the island and paid a brilliant tribute to his heroism and patriotism.

SENATOR LODGE.

In a brief reply Mr. Rawlins of Utah declared that the charges which had been made were not against General Chaffee or the American army, but against the senator from Massachusetts (Mr. Lodge) and others who were responsible for the present Philippine policy.

Both the sundry bill and the bill for the purchase of the Rosebud Indian reservation were passed.

The bill providing for the purchase of the lands of the Sioux Indians in the Rosebud reservation in South Dakota then was taken up, the pending amendment being that of Mr. Teller eliminating the commitation clause of the bill and providing that settlers in order to make their title to land, shall live on it five years. The amendment offered by Mr. Teller was agreed to, and the bill was passed.

Consideration was then resumed of the sundry civil appropriation.

An amendment was agreed to making appropriation for expenses for office of the commissioner of the railroads, and continuing that office to June 30, 1905.

Other amendments were agreed to as follows:

Providing for the postponement of the St. Louis exposition to April 30, 1903 and that the exposition shall be opened to visitors not later than May 1, 1904.

Appropriating $15,000 for the commissioner of labor to collect statistics of marriage and divorce.

Appropriating $20,000 to pay the salary and expenses of two commissioners to investigate the resources and expenses of South and Central American railroads, and the facility of establishing an intercontinental railway.

Appropriating $165,000 for repairs to the White House.

Appropriating $50,000 more for a temporary office building to be used while the repairs to the White House are in progress.

Death of Two Congressmen.

Washington, May 6.—Two desks were draped in black and covered with flowers when the house met Monday. One was the old familiar place occupied by Representative Cummings, whose public funeral was held in the house Sunday, and the other of Representative Peter J. Otey of Virginia, whose death occurred at Lynchburg Sunday. Dr. Couden, the chaplain, in his invocation dwelt upon the double affliction that had come upon the house and prayed for the family and friends of Mr. Otey.

An urgency resolution making additional appropriations of $10,000 for the expenses incident to the dedication of the statue of Marshall D. Rochambeau was adopted.

Mr. Jones of Virginia then announced the death of Mr. Otey and offered the customary resolutions of regret. As a further mark of respect the house adjourned.

Minister to Cuba.

Washington, May 6.—H. G. Squires, secretary of the legation at Pekin, has been selected by the president to be minister to Cuba and General E. S. Bragg of Wisconsin has been selected as consul general at Havana.

GENERAL BRAGG.

Sargent Gets Powderly's Place.

Washington, May 6.—The president sent the nomination to the senate of Frank P. Sergeant of Illinois to commissioner of immigration in place of T. V. Powderly.

NOT STOPPED FOR PEACE

British Still Trying to Down the Boers in the Transvaal.

London, May 6.—Lord Kitchener's weekly report, dated Pretoria May 5, shows the peace movement not allowed to interfere with military operations, except so far as to permit unrestrained meetings between the leaders and their various commandoes. The week's Boer casualties were 10 men killed and 122 made prisoners.

Gen. Bruce Hamilton columns captured 78 men on Hailbron, Orange River Colony line.

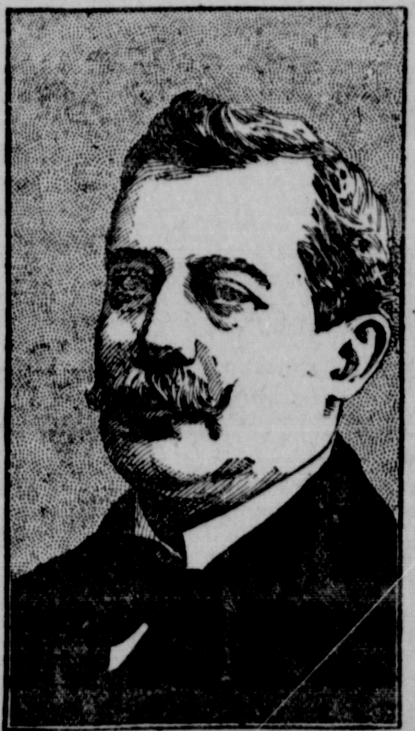
Col. Colenbrander has resumed operations in the northern part of the Transvaal, against Commandant Beyers whose forces have been considerably reduced and General Hamilton has cleared a large area west of Klerksdorp, southwestern Transvaal.

The O'Okiep western Cope Colony relief column has occupied Steinkopf to the north of O'Okiep, which was strongly held by the Boers after fighting on April 27 and April 28. The British lost six men killed and had 8 wounded, Boer losses said to have been heavy. Boers asked for British medical assistance.

VASQUEZ' PURPOSE.

Overthrow of Jiminez Said to Be in the Interest of Peace.

New York, May 6.—Leonte Vasquez, brother of the vice president of Santo Domingo, who has just overturned the government of President Jiminez, says all his brother wants is to establish peace and good government. Vasquez was consul general here for nearly two years. Said he:



DON JUAN ISODORO J'MINEZ.

"I believe one of the first aims will be to establish a treaty of reciprocal nature with the United States, call it protectorate if you will, but if Santo Domingo is to prosper, and I hope she will, she must have the moral and commercial support of the American people. And so must it eventually be with other republics similarly situated."

Arkansas Town Burned.

Rogers, Ark., May 6.—One-half of the business portion of Greavett, in the west end of Benton county, was destroyed by fire Monday. The loss is estimated at $20,000, insurance $6000. It is the fifth fire in five years. The Odd Fellows' hall was burned last fall and had just been rebuilt.

MISS MONIE BOWEY,

No. 38 Perry Street, DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

MONIE BOWEY.
